**HiLINE**

By respond

Our comprehensive range of continence swimwear for men, women and children are suitable for both faecal and urinary incontinence. Each garment has a secure and waterproof integral pant which will contain accidents that may occur whilst swimming.

To increase security and confidence, the waistbands of our continence swimwear garments have a silicone seal gripper.

# the

HiLINE continence boxer swim shorts for men and boys come in a range of plain colours or with a choice of contrasting stitching and a draw cord waist to ensure a snug fit.

Swimming trunks are also available.

# swimwear

The ostomy swimwear collection for men and women is specially designed for people with a stoma. Women's swimsuits are available in a fashionable range of fabrics, designs and colours. They feature a ruched panel at the front for added discretion, and an internal pocket to securely contain your stoma pouch.

# range

Men's ostomy swimwear comes in a boxer shorts style, which is designed to be 2" higher at the waist than most high street brands. The swim shorts are lined with airtex mesh for added security and have a draw cord waist to ensure a snug fit. They come in a range of plain colours or with a choice of contrasting stitching.

# continence

**swimwear**

**Giving you confidence,  
security and peace of mind**

# The HiLINE range of continnence swimwear provides modern designs combined with state-of-the-art fabrics to allow wearers the freedom to play and swim in a pool or on the beach without the restriction of having to use disposable products.

Wide choice of colours, styles, patterns and sizes available

**Helps to contain any accidents whilst in the water**

Suitable for containing urinary and faecal incontinence, no pads required

**Swimwear available for ages 3 years and up**

Swim shorts are manufactured using tactel fabric which is lightweight and quick drying

**Swim trunks are made from 20% lycra and 80% multifibre**

Trunks are ideal when shorts are not permitted as in some European camping parks

**Female swimwear has a fashionable scooped back**

Female swimwear is available in a full swimsuit or two piece

**Tankini option in female range is made from 20% lycra and 80% multifibre**

**Waterproof inner pant with silicone seal**

A secure, integral, waterproof inner pant which is 100% nylon polyurethane coated with a silicone seal grip effect to the waistband.

**Contrasting stitch swim shorts**

A draw cord waist ensures a snug fit. Available in plain colours or with a contrast stitching option.

**Scooped back**

The female one piece continnence swimsuit and the women's ostomy swimsuit are designed with a fashionable scooped back.

		13-14	158-164	68-72

It's important that parents and guardians regularly assess the toilet needs of children using a communal swimming or paddling pool. This will minimise the risk of embarrassing leaks and possible bacterial contamination of the water.
