continence and ostomy swimwear

specialists in stoma  
and continence care

**NHS**  
Providing NHS services  
an eakin company 

**our HiLINE swimwear range is manufactured in the UK by our highly trained staff who have many years of experience designing and manufacturing specialist swimwear for the stoma and continence care market.**

We take pride in our expertly designed and manufactured swimwear range, offering a wide choice of fabric colours, patterns and styles to suit all tastes. Our swimwear allows wearers the freedom to go swimming or to relax on the beach with confidence, security and peace of mind.

We are a British company who are proud to provide top quality garments to this specialised market place.

Learn more about us by visiting [respond.co.uk](https://respond.co.uk) where you can browse our full range of products and services with prices.

# the swimwear range

## continence

Our comprehensive range of continence swimwear for men, women and children are suitable for both faecal and urinary incontinence. Each garment has a secure and water-tight integral pant which will contain any accidents whilst swimming. To increase security and confidence, the waistbands of our continence swimwear have a silicone seal gripper.

## stoma

Our range of stoma swimwear is designed to give the wearer more confidence when swimming or relaxing by the pool or beach. The womens swimsuit have a discreet, internal pocket to hold the stoma pouch in place, and also features a flattering ruched detailing across the front for added discretion.

our **HiLINE** range of continence swimwear provides modern designs combined with state-of-the-art fabrics to allow wearers the freedom to play and swim in a pool or on the beach without the restriction of having to use disposable products.

- Wide choice of colours, styles, patterns and sizes available
- Helps to contain any accidents whilst in the water
- Suitable for containing urinary and faecal incontinence, no pads required
- Swimwear available for ages 3 years and up
- Swim shorts are manufactured using tactel or Microfibre fabrics which are lightweight and quick drying
- Swim trunks are made from 20% lycra and 80% multifibre
- Trunks are ideal when shorts are not permitted as in some European camping parks
- Female swimwear is available in a full swimsuit or two piece and are from 20% lycra and 80% multifibre

### **water-tight inner pant with silicone seal**

A secure, integral, water-tight inner pant which is 100% nylon polyurethane coated with a silicone seal grip effect to the waistband.

### **contrasting stitch swim shorts**

A draw cord waist ensures a snug fit. Available in plain colours or with a contrast stitching option.

### **scooped back**

The female one piece continence swimsuit and the women's ostomy swimsuit are designed with a fashionable scooped back.
